PROPERTY DESCRIPTION

Built in 2003, this colonial has something for everyone! The meticulously maintained home has an open floor plan, red oak hardwood floors, exceptional storage space and a spacious, fenced, flat backyard, perfect for family and friends.

The large eat-in kitchen has granite counters, stainless steel appliances, large pantry, recessed lighting, and cherry cabinets. A gas fireplace with granite hearth and access to a rear patio makes the adjoining family room a place you'll enjoy spending time. Both the living and dining rooms have crown molding. A mudroom, laundry and half bath complete the first floor.

The master bedroom boasts a large walk-in closet. An added bonus is the adjacent room over the two car garage which gives you a tremendous amount of storage space. The master bath has double sinks, Corian counters, skylight and recessed lighting. Three additional bedrooms and another full bath complete the second level.

Ascend the stairs to the third level and enjoy a spacious finished office/bedroom with Berber carpeting and large closet and 3rd zone of HVAC.

The lower level is plumbed for a fourth bath and has 150 sq. ft. of built-in shelving. It is perfect for a gym, play room, media center, and storage.

A row of forsythia bushes provides a natural "fence" along one side of the property. A wooden fence surrounds the back and other side of the property, providing privacy around the lushly-planted perennial beds and professionally maintained lawn.

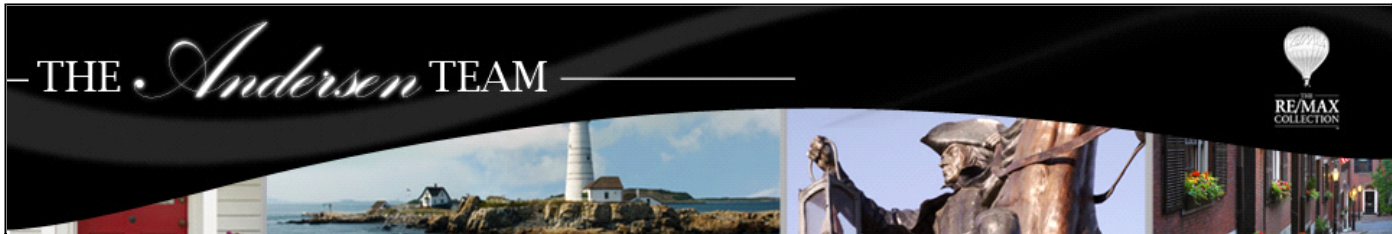

Easy access to Rtes. 93 and 95, town center, bus and train lines.

Other amenities include: Anderson tilt wash windows, central vacuum, CAC, sprinkler system, and alarm system, high speed FIOS hook-up for cable, internet and phone.
