PROPERTY DESCRIPTION

Luxury living is yours in this beautiful two year old contemporary ranch. With four bedrooms and three and a half baths, this eleven room house, located on a lovely wooded lot, has many unique features, including a 50 year architectural roof and high ceilings throughout.

You will enjoy the feeling of spaciousness you get from the moment you enter the foyer with its Indian slate flooring. Large Andersen windows, bamboo flooring, and neutral décor are found throughout the home.

The kitchen is a chef's dream with Wolf cook top, Miele oven/hood, Sub zero fridge, granite countertops, and radiant heated tile floor. The adjoining breakfast room overlooks a deck with a view of a quiet wooded backyard. A dining room with tray ceiling and a family room with fireplace, ceiling fan, and two skylights share the view.

Complete with an oversized shower, a bedroom in its own wing is perfect for guests, in-laws, or au pair. The large master bedroom suite has a tray ceiling with lighting, and adjacent sitting room. The master bath is the perfect spot to relax at the end of a long day with its Jacuzzi for two. It also has double sinks and marble radiant heated floor. Two additional bedrooms and a bath share this area.

Need a place to get away? The carpeted loft overlooking the living area is it! It also has a large storage closet.

An attached three car garage is accessible from the mud room.

Other features include insulated doors and windows, as well as a security system.
